Havana, July 1 (RHC)-- The National Director of Epidemiology of the Cuban Ministry of Public Health, Dr. Francisco Duran, reported that there were seven new cases detected of COVID-19, for a total of 2,348 positive cases across the island.

During his daily press briefing held Wednesday morning, Dr. Duran said that over the past 24 hours -- up to 12 midnight Tuesday night -- fortunately, no patients died from the coronavirus. A total of 86 patients have died in Cuba over the past several months.

To date, 2,218 patients have recovered -- with four patients released from hospitalization during the day on Tuesday.
