
Charles Aznavour to Release New Album at Age 91

05/05/2015

It will be the 51st album of his career, and includes 12 new tracks, while his last album “Toujours” came out in 2011.

Aznavour will appear on stage in an international tour with stops in Madrid next Thursday and San Sebastian on Oct. 24, after seven performances in Paris next September.

Over 100 million copies of Aznavour’s albums were sold during his prolific career, during which he collaborated with French legends such as Edith Piaf.
