

Cuba's FM exchanged views with Haiti collaborators

21/01/2016

Cuban Foreign Affairs Minister, Bruno Rodriguez, met in Port-au-Prince with Cuban health collaborators, and members of the Forest Brigade serving in Haiti.

The FM, who attended the XXI Meeting of the Association of Caribbean States (ACS), met with Cuban specialists at the Renaissance Hospital. He toured the rooms of the health care facility.

This facility provides service to 300 people on daily basis. The Operation Miracle provides free ophthalmologic surgeries of cataract and eye irritation.

Besides visiting the internal consultation, the lab, and the area for the Operation Miracle, Rodriguez toured the Rehab Room where Cuban collaborators provide service of ultrasound and laser, among others.
