The main stars of the Eurasian country in the festival will be the duet Spirin, who will present “a stunning act of adagio of force where two artist from this company will show a powerful display of technique and interpretation”, and Maxim Helmut, “in an impressive act of aerial rope”.

However, the big surprise of the Russian delegation will be without any doubt, the young jugglers from the Sychev duet who are 17 and 10 years old. They will definitely call the attention of those visiting the Trompoloco Big Top in Playa municipality during the days of the festival.
